7. MISCELLANEOUS BUSINESS

- a. Rules Currently Posted for Public Comment – none
- b. Administrative Code – draft for discussion

Lindy Burt presented several options on the Administrative Code format. Discussion ensued, with the members in general agreement that the Administrative Code should generally follow and relate back to the County Code through the selected numbering system. Lindy stated that she would draft some additional alternatives reflecting Board comments for discussion at the next meeting.

Lindy reviewed a list of various County policies, generated through discussion with Mike King, which could possibly come forward to the Board for approval. She will be conducting follow up with department heads to gauge potential for submittal.

Mike King reported that he recently attended a presentation on rulemaking from the Director of Ohio's Joint Committee on Agency Rule Review (JCARR). He explained that JCARR reviews all rules according to six different standards. He suggested that some of these could serve as models for the County's rulemaking process. Of the six, three are already covered in the County's own Administrative Rules Board legislative standards. A fourth, related to adverse impact on business, is not applicable. Mike recommended that the Board consider two of the JCARR standards for possible implementation in the future. One requires preparation of a written summary and fiscal analysis of the proposed rule, while the other requires compliance with ORC sections that establish standards for rule "incorporation by reference."
